

# TEC=LED

## LED 'TRAPEASE' Lighting System

TECLED introduces its highly awaited TRAPEASE ceiling mounted LED lighting system. Infinitely flexible as to the position and style of light fittings, TRAPEASE combines a unique magnetic 'clip-on' system with an attractive aluminium copper finish to provide an attractive lighting option.

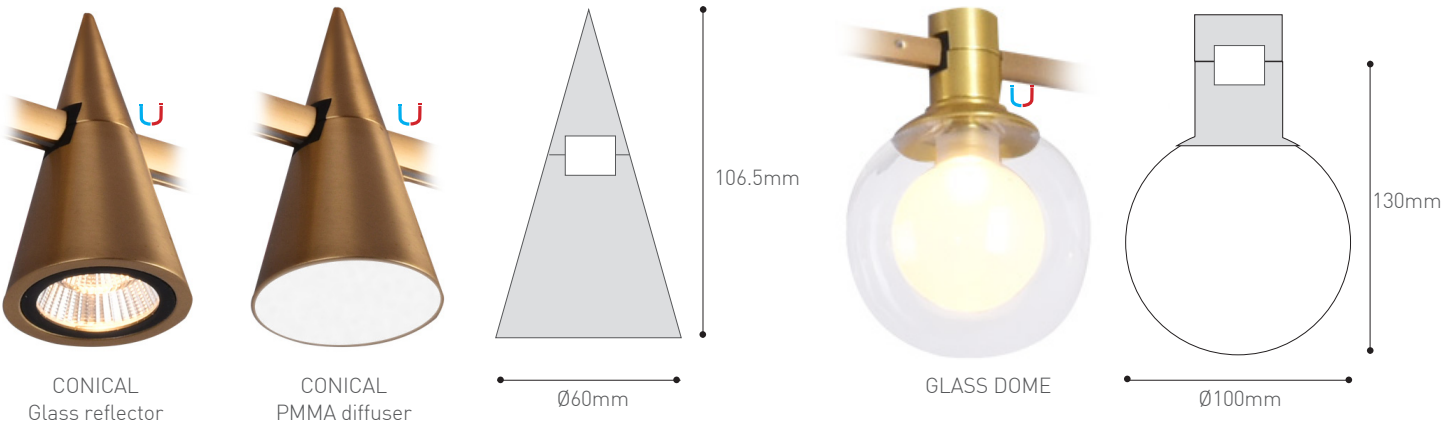

Ingenius magnetic attachment system allows quick and easy positioning and repositioning of fittings

Modular flexibility and high driver power allows multiple fittings attached in a myriad of positions
